

CONTENTS

SUB-THEME I : RAPID BUILDING CONSTRUCTION - PLANNING

- 1.High Rise Buildings - Prefab Construction - Concerns of Safety.....1
K. K. Kapila & Dr. Mahesh Kumar
- 2.Construction and Emerging Technologies - Architects Role.....7
Dr. Ponni M. Concessao & Dr. Oscar Concessao
- 3.New Construction Technologies for Speedy and Sustainable Building Construction.....14
Dr. Vimal Kumar & Gopal Krishna Jha
- 4.Fast Track Delivery of Buildings and Housing.....22
A.K. Jain
- 5.Role and Importance of Pre-Fabrication in Promoting Sustainable Built Environment.....32
Jit Kumar Gupta
- 6.Benchmarking Best Practices: Facilitating Rapid Building Construction..... 40
Dr. Mamata R. Singh
- 7.Prefabricated Construction..... 47
Namita Nitesh
- 8.Challenges of Pre-Engineered Building Project Management: Case Study..... 55
Amit Shriwas, Dr. Indrasen Singh & Siddesh Pai

SUB-THEME II : EMERGING FAST TRACK TECHNOLOGIES

- 9.Modern Construction Technologies in Engineering Perspective..... 62
Dr. K. M. Soni
- 10.Extension of Hospital Building with Light Gauge Steel Frame Construction Technology – Case Study..... 73
Satish Kumar Jain
- 11.Rapid Construction Technologies for Indian Context: Technology Spectrum and Way Ahead..... 82
Lt. Col. Harsh Raghuvanshi
- 12.Tunnel Formwork - Advantages and Limitations..... 91
Usha Batra
- 13.Rapid Construction.....101
P. Surya Prakash

14.Precast Concrete Stations for Metro Projects :	
A Challenge to Designers and Constructors.....	114
Vinay Gupta	
15.Rapid Construction using Prefab Concrete.....	121
Dr. Pardeep Kumar Gupta & Dr. R. K. Khitoliya	
16.Rapid Construction Technologies for Mass Housing: Review.....	128
V. Srinivasan & K. Bala Subramanian	
17.Cost and Time Effectiveness of Rapid Construction	
Technologies over Conventional Construction Technologies.....	137
Narender Singh	
18.Prefabricated Structures – A Key to Rapid Construction.....	145
Dr. Devang Desai, Dipanjan Mukherjee & Arjun Sekar	
19.Construction of Head of the Department Building with Precast Technology.....	152
K. Nayeemulla, K. Naveen And K. Vineetha	
20.Embedded Thermocol Wall- Exceptionally Rapid and Eco Friendly.....	158
V. Sruthi, G. Swamy Yadav & A. Nookapathi Raju	
21.A Review and Status of Metal Houses in India and other Countries.....	165
Dr. Mutyala R. Praksah & K. Koushik	
22.Innovative Material Used for Speedy Construction using Polystyrene as a Fibre.....	172
K. Madhuri & B. Vinod Naik	
23.Emerging Technologies for Affordable Housing Construction in India.....	184
Dr. J. Bhattacharjee	
24.Pre-Engineered Buildings.....	190
Mohd. Zaman	
25.A Critical Study on Emerging Technologies for Rapid Construction of	
Multistorey Buildings.....	194
R.B. Gautam
