

CONTENTS

TECHNICAL SESSION I & II INNOVATIVE CONSTRUCTION MATERIALS

1. Modern Construction Material as Conceptualized and Applied in Government Sector
C.S Prasad & V. K. Sharma
2. Modernisation of ESIC Hospital, with Innovative Materials – A Case Study
S P S Bakshi & T N Chakraborty
3. Future Vision of Building Industry and Sustainable Materials
A.K. Jain
4. Laminated Glass with a High Performance Structural Interlayer
Malvinder Singh Rooprai & Stephen J Bennison
5. Structural Units Developed Using Advanced Composites Technology
Dr. K.Kamal
6. Polymer Concrete in Construction
S.K. Gupta & Mahesh Kumar
7. Interlocking Block Walling for Quality, Economy and Fast Track Construction
Abhaya Adlakha & Promod Adlakha
8. Effect of Shuttering Materials on Fairfaced Concrete
Vinay Gupta
9. Use of Geotextiles in Plantation Over Dome in Shanghai Expo 2010
DR. K. M. Soni & R P Dhusia
10. Economics of Using Modern Construction Materials
Mahesh Kumar & Suresh Kumar Gupta
11. Importance of Door Hardware and Recent Innovations
D.S. Sachdev, Alok Aggarwal & Col. Amit Sehgal (Retd.)
12. Expanding Polyurethane Foams for Door Frames
Emmanuel De Smedt & Amit Malhotra
13. Water Proofing of Roof: Evolution in MES
VK Rajan & Jagdish Parwani

14. Sulphate Attack in Concrete and its Protection
Rajeev Kumar
15. Red Mud as an Alternate Building Material
L. Gadanayak, S. Das & Dr. S.K. Das
16. Polymer Concrete Composites in Construction
Dr. Indrasen Singh
17. Wood Wool Insulation Boards for Improving the Acoustical Quality
Anil N Joshi, Sanjay D. Joshi & M. B. Kumthekar
18. Concept of Makeshift Homes in India
Dr Mutyala R Prakash
19. Constraints in Wider Adoption of Modern Construction Materials
Vijay K. Saluja, Neelam Saluja & K.T Gurumukhi

TECHNICAL SESSION – III & IV
SUSTAINABLE CONSTRUCTION MATERIALS

20. Green Concrete : An Eco-Friendly Sustainable Building Material
Dr.Pradeep Kumar & Abhinav Srivastav
21. Autoclaved Aerated Concrete – A Green Material
Rajdeep Chowdhury
22. Innovations in Green and Sustainable Paints
Rishma Kaur & Rajiv Kaul
23. Green Building Materials
Gurudev Singh & Purushottam P Doijode
24. Prioritizing "Appropriate" Building Materials in Sustainable Design
Deependra Prashad
25. Glass in Building Envelope
Renuka Bhoge
26. Materials Compatible for Green Buildings: An Overview
Pawan Kumar
27. Materials Compatible for Green Buildings
Major Rajneesh Gupta

28. Innovative Uses of Glass for Construction
O.P. Gupta VSM, Vijay Gupta & Chandan Gupta
29. Recent Trends in Green Building Materials
R. B. Gautam
30. Glass as a Building Material and its Innovative Uses
R K Singh
31. Materials Compatible for Green Buildings
Shailendra Kumar Mandal, Dr. Kamini Sinha & Dr. Manoj Kumar
32. Non-toxic, Eco-friendly Paints and Finishes
D.N. Handa
33. Green Building Materials for Cost Effective Houses
Deepak Bansal & Pooja Nandy
34. Use of AAC Block in Planning for Occupant's Thermal Comfort
Sanjay. D. Joshi, Anil N. Joshi, N.N.shinde & M. B. Kumthekar
35. Using Locally Available Materials for Green Buildings
Shubhangi Shirole
36. Eco-Friendly and Sustainable Building Construction Materials
Lt Col Sanjeev Gupta & Lt Col Anup Kumar Sahoo
37. Materials Compatible for Green Buildings for the Masses
Lt Col Ciby George
38. Construction Materials Compatible to Green Building Concepts
J. Bhattacharjee
