

## CONTENTS

### TECHNICAL SESSION I PRE-ENGINEERED BUILDINGS

1. Pre-Engineered Building Vs Pre-Fabricated/  
Conventional building  
*Brig. Rajesh Tyagi & R.K.Singh*
2. Pre-Engineered Buildings - E & M Perspective  
*Kuldip Peshin & B. Sunil Kumar*
3. Scope and Prospectus for Indian Pre-Engineered Buildings Industry  
*Dr M R Prakash*
4. Role of an Architect in Pre - Engineered Buildings  
*Dr. Oscar Concessao & Dr. Ponni M. Concessao*
5. Pre-Engineered Construction in Exhibition Industry  
*Dr. K M Soni*
6. Pre-Engineered Building Systems for Hangars  
*J. D. Buch*
7. Cost Benefit Analysis of Pre-Engineered Buildings  
*Brig. G.S. Kambo*
8. Pre-Engineered Metal Buildings- Need of the Hour  
*O.P.Gupta, VSM, Vijay Gupta, Ms. Chandan Gupta*
9. Manufactured Housing : Key to Quick and Quality Construction  
*Gurudev Singh*
10. Pre-Engineered Architecture for Sustainable and Inclusive Development  
*A.K. Jain*
11. Pre-Engineered Buildings in High Altitude Areas  
*RB Gautam*
12. Pre-Engineered Buildings with Special Reference to Metal Roof Cladding  
*Bhaskar Ghosh*
13. Pre-Engineered Metal Buildings: A New Trend in Construction Sector  
*Dr. Pradeep Kumar & Vishal Misra*
14. A vision for Environmental Friendly Pre-Engineered Building Construction  
*Ms. Neeta Mittal*

15. Pre-Engineering Construction – A solution for Time & Cost Overruns in Projects  
*Dr. A. K. Garg, Manu Raj & Kumar Saurabh*
16. Pre-Engineered Buildings and Sustainability  
Sankalp Sen Saxena
17. Pre-Engineered Steel Buildings -A Boon for Infrastructure Development  
*R.K.Agarwal*
18. Pre – Engineered Building : Concept and Practice  
*R. Kachhawah & R.N. Yadav*
19. Pre-Engineered Buildings Concept: Economy and Review of Success  
*Vishal Kumar*
20. Competency & Capacity Building – Key for Success of Pre Engineered Buildings  
*Lt Col (Retd) L. Shri Harsha,*

**TECHNICAL SESSION –II**  
**INNOVATIVE TECHNIQUES IN CONSTRUCTION INDUSTRY**

21. Precast Concrete Stations For Metro Projects: A Challenge  
*Vinay Gupta*
22. Use of Rapid Wall Building System As Sustainable Construction Technique for Indian Construction Industry  
*Rajdeep Chowdhury*
23. Utility of Eccentric Bracing Frames in Seismic Resistant Steel Buildings  
*Dr. Arup Saha Chaudhuri*
24. Modular Buildings With Light Gauge Framing Systems  
*Mahesh Kumar & Amandeep*
25. Triangular Polyester Fibres As Secondary Reinforcement in Concrete - For Flexure / Split Tensile Strengths  
*Rajiv Gauri & KRS.Narayan*
26. Efficient Joint Sealing Technologies for Buildings  
*Arun Kumar Awasthi*
27. Emergent Sustainable Site Management- Lean Thinking  
*Dr. Mahua Mukherjee*
28. Revolutionary Cellular Structural Walling System

*Dr. Narendra D. Patel*

29. Bio-Mimicry: An Innovative Approach For Design And Construction of Buildings  
*Devendra Mohan and Harshit Jain*
30. Improving Quality In Building Construction Industry Through Implementation of Total Quality Management  
*Suresh K Gupta, Dr. R.K.Khitoliya & Dr. D.D.Sharma*
31. Pressure Sensitive Adhesive Technology for Construction Applications  
*Vijay Pillai*
32. Fly Ash Concrete for Paver Blocks  
*Vanita Aggarwal, Dr. S.N. Sachdeva & Dr. S.M. Gupta*

### **TECHNICAL SESSION III**

#### **CASE STUDIES**

33. Construction of PEB Hangar at Air force Station Tambaram : *A Case Study*  
*Brig. V S Kattarya & A K Jain*
34. Pre Engineered Buildings – A Case Study  
*Rajender Singh Chaudhary & K.A. Rajamohan,*
35. Use of Pre-Engineered Buildings for Staff Quarters: A Case Study in Road Sector  
*Debopam Roy, Naveen Kanojia & Praveen Sharma*
36. Innovative Green Technology and Vertical Urbanism: A Case Study  
*Ms. Kanika Singh & Ms. Tina Pujara*
37. Engineered Construction: A Case of Multipurpose Cyclone Shelter  
*Dr. Mamata R. Singh, Rajesh Kumar Singh & A. V. Patil*
38. Feasibility Study of Pre-Engineered Buildings for Affordable Housing – A Case Study of Avuai Agam  
*Shivam Joshi, Nachiket Lande & Debopom Roy*
39. Housing in Tsunami Affected Andaman and Nicobar Islands: Learning Experience  
*Dr. Pawan Kumar*
40. Emerging Trends In Utilisation Of Pre-Engineered Buildings  
*J. Bhattacharjee*
