

INDIAN BUILDINGS CONGRESS
Mid Term Seminar on Modernisation in Building Construction
on May 26-27, 1995 at Jaipur

CONTENTS

TECHNICAL SESSION – I
MODERNISATION IN BUILDING CONSTRUCTION

1. Vigyan Bhawan – A Project Report
P.B. Vijay
2. Parliamentary Library Project – Innovative Features
Jag Mohan Lal
3. An Innovative World of Concrete
Deepak Narayan
4. An Approach to Modernisation in Multi-storeyed Buildings Hunneback
Full Tunnel Form Work
A. Mateen and H.C. Agarwal
5. Innovative Systems based design approach for Housing Production
A.K. Jain
6. Good Practices in Human Settlements: Towards Meaningful Regional Identities
Dr. S.S. Bhatti
7. National Housing Scenario & New Dimensions of National Housing Policy
Oriented to Mass Housing Development
B.N. Moolchandani
8. Multi Storeyed Construction Including Services –An Insight
P.P. S. Gumber
9. Coordination Management in Building Construction
Alok Ranjan
10. Application of improved methodologies in construction of Multi storeyed
buildings
G.B. Singh and U.B. Mathur

TECHNICAL SESSION –II
MECHANISATION IN BUILDING MATERIAL PRODUCTION & CONSTRUCTION

11. Ready Mixed Concrete
S. Karunakaran
12. Mechanisation in Building Construction: An Overview
N.N. Javdekar
13. Ready-mixed Concrete for Productivity and Quality Assurance in Building Industry
Y.R. Taneja
14. Mix Design Concrete using weigh-batchers and batching plant for quality concrete construction – a system approach
A Chakrabarti
15. Expert Systems in Ready Mixed Concrete
A.K. Gupta, Prof. M.R. Setia, Jai Narain Vyas
16. Plan for Mechanised Shaping of Clay Bricks and Tiles by Extrusion Process
L.K. Srivastava, E.S. Hiralal and Narendra Kumar
17. Semi Mechanised Production & Calcium Silicate Bricks
N.N. Bhise, R.L. Gupta, Dinesh Chand and R.K. Manglik
18. Mechanisation in Embankment Construction
R.S. Shukla and O.P. Gupta

TECHNICAL SESSION –III
PREFABRICATED CONSTRUCTION

19. Potentials of Pre Fabrication for Self Help Housing for EWS & LIG
Dr. Florian Steinberg
20. Precast Housing Schemes: Quality Control and Quality Assurance Programme
S.G. Pingle & S.M. Patwardhan
21. Precast RC Flooring/Roofing Schemes
M.P. Jai Singh
22. Precast Concrete Construction
Tilak Raj

23. Precast Concrete for Mass Housing Project
S.G. Tongaonkar and S.M. Patwardhan

TECHNICAL SESSION –IV
NEW TECHNOLOGIES AND INNOVATIVE BUILDING MATERIALS

24. Energy Conservation in Passive Solar Buildings for Hot and Arid Zones in India
Neerja Lugani
25. Development of Building Materials for Industrial and Agricultural wastes –
Potential and Prospects
V. Suresh
26. Mechanisation in Brick Manufacturing for optimum utilization of clay and coal
resources.
T.N. Gupta and J. Sen Gupta
27. Planning and Design of Buildings based on Environmental Considerations
Narendra Rajbanshi & Smriti Narang
28. Solar Passive Architecture for Kendriya Vidhyalaya Building
Piyush Dave, N.C. Mandal and Adarsh K Saxena
29. New Materials for Building Construction including Converting Waste Products
into Innovative Building Materials.
N.S. Loomba
30. Use of New Technology in Plumbing Systems
S.G. Deolalikar
31. New Materials, Waste Products Utilisation and New Technologies of
Construction
Piyush Dave
