Council Directory 2025 - 2026

INDIAN BUILDINGS CONGRESS

Dear Sir/Madam,

It is with immense pride and heartfelt joy that I present the Directory of the Indian Buildings Congress for the year 2025–26. This directory is not just a compilation of names, it is a reflection of the collective wisdom, dedication, and commitment that drive our organization forward.

The Indian Buildings Congress stands for a future where the built environment is sustainable, resilient, affordable, and enriching to the lives of every citizen. As we move ahead under the visionary leadership of our President, Er. C. Debnath, I am confident that IBC will continue to open new horizons, inspire innovation, and set benchmarks for excellence in the building sector.

Our strength lies in our people. I encourage each one of you to reach out and inspire more professionals, engineers, architects, planners, and technocrats to join IBC as Life Members. Let us also guide young students in Engineering and Architecture to become a part of this mission, so that the torch of knowledge and progress continues to shine brighter with every generation.

This directory embodies our shared journey of growth, collaboration, and nation-building. While every effort has been made to ensure accuracy, we warmly welcome your suggestions and updates so that we may continue refining this resource.

Let us move forward together with purpose, passion, and pride towards building a better, stronger, and more vibrant India.

With warm regards,
Col. (Dr) Anand Mathialagan (Retd.) Hony. Secretary

INDIAN BUILDINGS CONGRESS

Vision

To build a living environment which is sustainable, affordable, aesthetic, eco-friendly, energy efficient, cost competitive, technology driven and conducive to healthy life meeting the needs of Indian population.

Mission

To bring all professionals connected with built environment like administrators, financiers, planners, managers, developers, architects, structural engineers, civil engineers, public health engineers, electrical engineers, energy engineers, mechanical engineers, eco-scientists, horticulturists, builders, manufacturers of building materials, researchers, teachers, etc. together on one platform to form collective opinion to enable development of a sustainable built environment in the country.

Objectives

To promote and encourage the science and practice of conceptualizing, planning, designing, constructing, caretaking and maintaining built environment, by adopting the latest standards, State of the Art practices, use of innovative and new materials. To review and make suggestions to the Government for improving the built environment, working conditions and general welfare of construction workers and to provide a common platform for expression of collective opinion of members on the matters relating to built environment.

Background

Indian Buildings Congress (IBC) was founded on 1st September 1992, when a Founders Meet was organised in New Delhi with the initiative of the then Director General (Works), CPWD, Shri O.P. Goel. About 250 professionals attended this meet. IBC was registered as a Society under the Societies Registration Act 1860, in New Delhi, on 29th March 1993. At present IBC has 108 Institutional Members, 7300 Individual members and 375 Student Members. The wide spectrum of membership gives it a unique place in the entire gamut of Building engineering discipline and construction industry.
