Report on Two-Day's Training Program on
"Planning, Design, Installation, Operation, Maintenance & Management of HVAC Systems in Buildings"

A two-day's training program on **"Planning, Design, Installation, Operation, Maintenance & Management of HVAC Systems in Buildings"** was successfully conducted for Assistant Engineers, Executive Engineers and Superintending Engineers (AEs/EEs/SEs) on **27th–28th Oct 2026** at **IBC Headquarters, Sector VI, R.K. Puram, New Delhi – 110022**.

The program was inaugurated by Er. C S Mittal, Fmr CE (CPWD).

The program witnessed active participation from around **27 Engineers**, representing various states across the country. The training aimed to enhance the technical knowledge and practical understanding of participants in the field of HVAC system in Buildings and best practices prevalent in building construction.

Participation and Interaction

Participants actively engaged in discussions, shared field experiences, and clarified technical queries with the experts. The interactive nature of the sessions contributed to a deeper understanding of the subject matter

The training program was highly informative and beneficial to the participants. It provided valuable exposure to participants for two day's training program on HVAC system in Buildings and practical approaches for implementation in ongoing future projects.
